# Director's Note

Dear Parents,

Summer is always my favorite time of year as Summer Arts Camp fills the building with enthusiastic young artists. Summer Arts Camp at the Minnetonka Center for the Arts (MCFTA) provides a unique opportunity for children to experience a professional art studio environment and learn from working artists.

The visual arts play an important role in child development, building character as well as skills. While campers experiment with new techniques and materials, they are exercising problem-solving skills, developing fine motor abilities and gaining confidence in their own talents and abilities that will spill over into schoolwork and other endeavors.

Running for 11 consecutive weeks from June through August, the Minnetonka Center for the Arts Summer Arts Camp surpasses all other programs in the number of options, scope of art forms taught and scheduling flexibility. With weekly camps for ages 7 to 15, and combinable daily options for ages 5 to 6, our camps can be easily slotted in with other activities to create an inspiring and educational summer experience, beginning to end.

The value of Summer Arts Camp lies in the quality of the art projects and the credentials of our Artist-Instructors. Our mission is to deliver visual arts education to the broadest possible audience, so we work hard to keep our per-hour price as low as possible and make scholarships available. Contact the Registrar if you need more information and be sure to register early! Many classes fill quickly and we hate to disappoint!

Best wishes for a creative summer!

Sincerely,

Roxanne L. Heaton, Executive Director

# Meet the Artist-Instructors

A significant difference between our art camp and many others is that all classes are taught by working artists. Many have master’s degrees, and all have quality teaching experience. Enjoy getting to know these wonderful artists. The age group(s) that they teach is indicated in parentheses following their names.

**Virginia Buck (A, B, C)** received her B.A. in Art History from Hamline University. Virginia helps students tap into their own way of creating. She works individually with students to facilitate growth of artistic talents. Her classes teach fundamental techniques and genres within a historical context and perspective.

“I encourage each child not to be afraid of messing up, because there’s no messing up - only growth, experimentation and learning!”  
- Virginia Buck, Artist-Instructor

**Krissy Catt (A)** received her B.F.A. in Studio Arts with a Ceramics focus from the University of Minnesota. An experienced instructor, Krissy teaches adults and children at the Art Center, works in the Edina Public Schools, and works with seniors. Her teaching style is marked by a depth of patience and a sense of whimsy and fun!

**Geneviève Chamberland (A, C, D)**, a native of Québec, Canada, obtained her B.F.A. from the University of Minnesota with an emphasis in Ceramics. Her clay journey was vastly influenced by a research project at the iconic porcelain manufacturer “Sèvres-Cité de la Céramique” in Paris. Genevieve teaches children’s clay workshops on Saturdays at MCFTA during the school year. She also teaches children and adults through the MCFTA outreach program.

**Stephanie Frey (A, B, C, D)** is an artist and elementary art teacher. She completed her B.F.A. in Illustration at the College of Visual Arts in St. Paul and earned her teaching license through Augsburg University in Minneapolis. Her paintings and drawings often illustrate the simple moments of daily life. Stephanie has taught and volunteered at the Art Center since 2011.

**Carly Gernbacher (A, B, C, D)** received her B.A. in Art Education from University of Wisconsin-Stout. Carly is an elementary school art teacher and has taught Summer Arts Camp classes for eight years. As a school teacher, she is an avid supporter of summer learning and loves feeding children’s natural curiosity.

**Anne Groton (D)** has a B.S. in Housing and Interior Environment from Colorado State University. As a professional photographer, Anne’s work is found on a stock photography site, licensed by large manufacturers, and has been frequently exhibited in juried and solo exhibitions. She teaches adults at the Art Center and has been artist-in-residence at a local church youth program.

“Photography is the art and appreciation of seeing. When my students really see what they are seeing, we’ve opened up a world of possibility!”  
- Anne Groton, Artist-Instructor

**Molly Nebel (A, B, C)** received her B.A. in Art Education from Bethel University. This is Molly’s fifth year teaching art at Chaska Elementary School and sixth with Summer Arts Camp. A patient, joyful and open-minded teacher, Molly loves the small class sizes of camp and the personal attention and support she’s able to give to each student.

“I love working with kids because they have an imagination without limits. I love the way they see the world. It is rewarding to see their self – confidence grow when they see the results of their own hands – creating something tangible is powerful.”  
- Molly Nebel, Artist-Instructor

**Diane Petron (C, D)** has a B.A. in Music Education from the College of St. Benedict. An experienced teacher, Diane brings a youthful energy to her classes that children recognize and enjoy. Diane has been with the Minnetonka Center for the Arts for more than 20 years, teaching adults and children on-site and through its outreach programs.

“Kids are fearless and tuned into their innate creativity. Teach them a skill and let them run with it! I love the freedom of teaching without having to grade the outcome.”  
- Diane Petron, Artist-Instructor

**Alan Shefland (D)** Alan began his artist’s journey young, taking photos of his neighborhood and its residents, selling a few to cover costs. He honed his visual skills becoming a Hollywood film editor working on TV commercials, shows and features, including many award-winning shows. After moving to Minnesota, he became a student then Artist-Instructor at the Minnetonka Center for the Arts where he has often exhibited his photography.

**Frank Picos (C, D)** received an A.A.S in Construction Technology from New York City Community College. Frank specializes in stone carving and bronze casting and has worked as a Sculpture Studio Assistant and Artist-Instructor for many years. Teaching the rare art of stone carving to children is something he looks forward to all year.

With formal training in sewing and felting and a love of crocheting, Jenny teaches many of the fiber arts and fashion classes.

**Abbey Syme (A, C, D)** Since completing her B.A. in Art at Luther College, Abbey has participated in a variety of arts education and theater opportunities in the Twin Cities. This is her third year with Summer Arts Camp. Abbey teaches drawing, painting, and theater-related classes. She has been involved in many capacities of theater productions, including hand-drawn rendering, costume construction, puppet design and hair and makeup.

**Molly Uravitch (B, C, D)** has an M.F.A. from Southern Illinois University and a B.F.A. from the College for Creative Studies Center for Art and Design. She has been a ceramics instructor since 2001, bringing a wealth of clay artistry and teaching experience to the classroom for both children and adults.

She is an art teacher in the Wayzata Public School District and has been working with children for more than seven years. She most enjoys developing creativity and problem solving skills and personalizing art for every student.

“I think art is crucial for students at a young age. It helps develop fine motor skills, creativity, and problem solving. It is also a great outlet for their feelings even if they don’t always realize it.”  
- Jessica Williams, Artist-Instructor

# Group A: Art Camps for Ages 5 - 6

There are three weeks of art camps for children ages 5-6, with complete planning flexibility within these weeks.

**June 25-29 | July 23-27 | August 6-10**

Art camps for this age group focus on single-class projects to hold attention, challenge without frustration and provide happy outcomes and pride in finished projects. Solid skills are taught that become building blocks for future work.

Because our youngest artists have different needs and interests, camps are sold separately so families may combine them in any way to best fit each child’s needs and work with the family schedule. You may register for half- or full days as many times a week as desired (from one to 10 classes per week).

Plan carefully before registering to avoid fees for making changes later on (cancellation details on page 11). Please provide a snack and beverage for each class, plus a bag lunch and beverage for lunch for full-days. Food may be purchased at the Art Center Café.
